

Creative Formats and Best Practices

Introduction

In this presentation, we've gathered a curated selection **of key insights and best practices** for all the creative formats Jampp offers based on **learnings from our top-performing campaigns**.

While we hope this document helps you guide your creative efforts, there's no one-size-fits-all creative strategy. **Work with our team of experts** to identify which formats to test and how, based on a thorough **analysis** of your unique **challenges** and **campaign trends**.

Static Ads

The Basics

- ✓ Include your logo.
- ✓ Have a clear CTA.
- ✓ Use simple images.
- ✓ Clear reading order.

PRO TIPS

Explain the benefit your app offers.

Simple backgrounds help users focus on the product.

Known Brands, and promos catch attention.

Highlight your CTA
(Ex: button shape).

Animated Ads

The Basics

- ✓ Include your logo.
- ✓ Show CTA within 2 sec.
- ✓ Use simple images.
- ✓ Use a Clear reading order.
- ✓ Check reading time.

PRO TIPS

Promos and discounts

encourage users to take action

Show products that are **relevant** for each specific **GEO or target**.

Use animations to show your **catalog or highlight** relevant **messages**.

Animation can also **highlight your CTA**.

Video Ads

The Basics

- ✓ Ideal if you have a lot to explain about your app.
- ✓ Audiovisual content generates more engagement.

PRO TIPS

Clearly explain what your app is about.

Use **engaging images** and **video edition**.

The **end card** should **include** your logo and CTA.

SKOverlay Feature

The Basics

- ✓ It only takes 1 click
- ✓ 16:9 or 9:16 scale.
- ✓ More info [here](#).

PRO TIPS

Test this feature with your best video, the rest is done automatically.

In banner video Ads

The Basics

- ✓ Ideal if you have a lot to explain about your app
- ✓ HTML placement.
- ✓ Allows HTML features.

PRO TIPS

Add additional elements, such as as a CTA stripe.

Test top-performing videos across a different type of ad placement.

DPA Templates

Multiproduct DPA

The Basics

- ✓ Take advantage of the DPA.
- ✓ Can use behavioral data.
- ✓ Customize colors

PRO TIPS

One logo is enough :)

Sales, promos and special offers attract attention.

Mix products Mix products based on user preferences and top sellers.

Add a countdown for limited-time offers to generate urgency.

Carousel DPA

The Basics

- ✓ Autoplay or navigable.
- ✓ Leverage the benefits of DPA
- ✓ Incorporate behavioral data.
- ✓ Customize colors.

PRO TIPS

Use **attractive** and non generic **images**.

You can **group by categories** (kind of products, movie genres) to impact different users.

Use a simple message and **highlight keywords**.

Single Product DPA

The Basics

- ✓ Leverage the benefits of DPA.
- ✓ Incorporate behavioral data.
- ✓ Customize colors.
- ✓ A good format to try concepts and images.

PRO TIPS

Use **clear** and centered **images**.

Use a code tag to feature the **price or special promos**

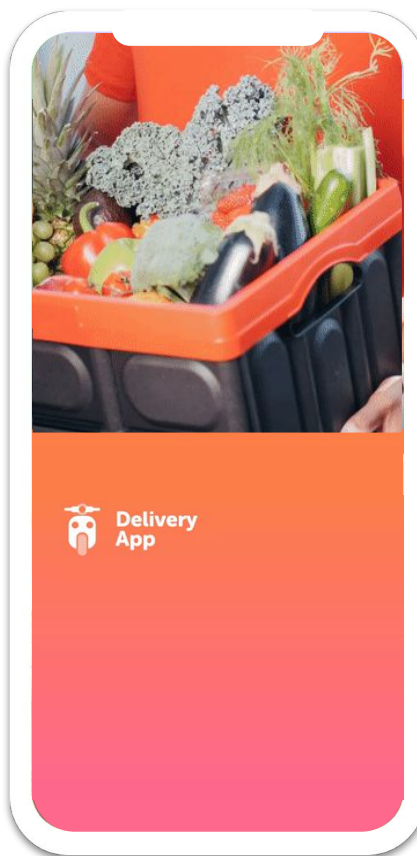

Keep the description **short and simple**.

Try different **CTAs**.

Half Screen DPA

The Basics

- ✓ Leverage the benefits of DPA.
- ✓ Incorporate behavioral data.
- ✓ Customize colors.
- ✓ A good format to try concepts and images.

PRO TIPS

Use **clean** images with few elements.

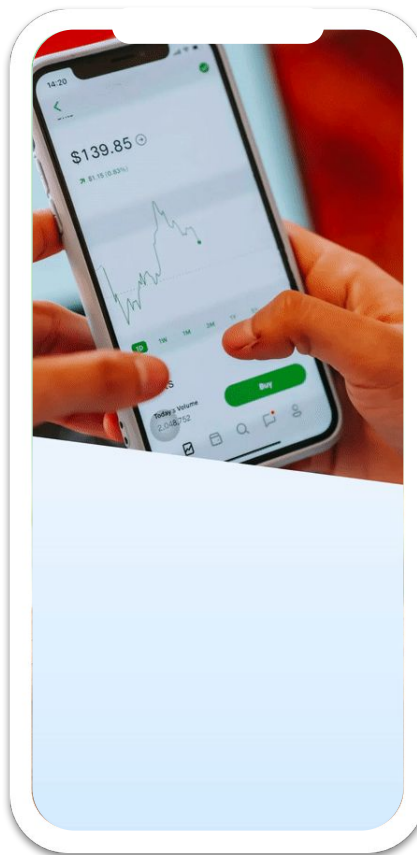

Using **Keywords** like FREE or PROMO can **increases conversions.**

Use a **straightforward CTA.**

Slanted DPA

The Basics

- ✓ Leverage the benefits of DPA.
- ✓ Incorporate behavioral data.
- ✓ Customize colors.
- ✓ A good format to try concepts and images.

PRO TIPS

Show **the specific benefits** your brands offers on the image

Keep **promo text short and simple** (and remove it if it's not strictly necessary).

Notification DPA

The Basics

- ✓ Leverage behavioral data to push highly relevant promos.
- ✓ Emulate a notification designed to attract user attention

PRO TIPS

Highlight promotions and deals with promo code.

Ideal for images like cities, landscapes, textures, etc.

Thank you (:
