Unity Documentation

Creative packs setup ▌ Making creative packs ▌ Delete creative packs

English

Delete creative packs

To delete creative packs, select the packs you want to delete, then select Delete. Upon deletion, the selected creative packs will no longer appear on the Creative packs page.

Note: Deleting a creative pack doesn't delete its creative assets. Any other creative packs that share the same assets won't be affected. To delete a creative, refer to the documentation on deleting creatives.

Important: If you try to delete the only creative pack assigned to a campaign, you will receive a warning message. Deleting the only creative pack assigned to a campaign will also stop that campaign.
